Secret hai, inn sabhi ideas ko apni daily life mein ek simple aur enjoyable tareeka se include karna, taaki yeh aapke liye bilkul natural process ban jaye, jaise ki saans lehna.

Logon ka humse connect karne kaa ek bada karan yeh hai ki woh apni zindagi ko apne terms par jeena chahte hain aur ek behtar tareekh seh jeena chahte. Hum jaante hain ki life generally busy hoti hai, aur kabhi-kabhi toh bahut zyada hi busy ho jaati hai. Isliye, aap humareh program ko apni comfort keh hisab seh, apnee pace par follow kar sakte hain kyunki yeh aapke busy schedule mein fit hone ke liye banaya gaya hain, naa ki aapkaay workload ko aur badhanay ke liye.

Aap apne daily routines and activities ko tab kare jab aapke liye sabse comfortable ho, aur yeh sirf 15 seh 20-minute ka samay lenge. Humne program keh aanadar aapke liye ek calendar bhi design kiya hai, taaki aap success rituals ko daily kareh and mindful habits develop kar sakein. Modules ko iss tarah seh design and layout kiya gaya hai ki initially aap unhe kuch specific dino ke gap keh baad hi access kar sakte hain. Iska ek bada reason hai - ayssey aapko new behaviors ko apnane kaa sufficient time milta hai. Jab tak aap iss program ko khatam karte hain, tab tak roughly ten weeks ho chuke hongeh aapko daily exercises aur rituals ko follow karte hue. Iss time tak, yeh habits aapki conscious aur subconscious mind mein itni deep jaa chuki hongi ki aap inhe bina kisi effort ke follow karna start kar denge. Program complete karne ke baad, aapko iss program ka hamesha ke liye access mil jayega, matlab aap kisi bhi time, kahin se bhi iss program ko access kar sakte hain and aapnee learning ko refresh kar saktey hai.

Aap chahe toh weekends par kuch ghante focused time allocate kar sakte hain, yaa fir apne lessons ko kuch mornings yaa evenings mein spread out kar sakte hain. Agar aapko lagta hai ki aap apnee family yaa job ke saath busy hain and modules keh leye time nahin neekal parahey, toh aap kuch dinoh ka break bhi le sakte hain aur baad mein wapas aakar complete kar sakte hain. Lekin hamari recommendation yeh hai ki initially aap conscious effort lagayein routine set up karne mein, usko follow karne mein, habits form karein mein aur jaldi hi aap notice karenge ki aap daily rituals ko bina kisi effort ke karne lagay hain aur yeh aapke day-today routine
